

WEBSITE DESIGN BRIEF

TOP PAGE

- Main highlight should be a picture for a news event for the day/period. This feature should promote newness and dynamism to avoid making it static.
- About Us: The Shining Communities profile should start top page but may be continued elsewhere.
- Icons for the four pillars should be captured on top page although the write-ups can be started there but continued on other pages.
- Calendar of events should also be captured on top page, with link that enables reader to post an event
- Link for support/partnership form.
-

CONTINUATION PAGES

- Should have sample of works in that area
- Since this is a knowledge website, there should be provision to post new papers or publications in respective areas.

FEATURES

- Have Counter for number of visits
- Make it possible to post short videos on top page.
